

Low Voltage Landscape Wire for Low Voltage Landscape Lights (2 Pack 16/2 50 Feet)

MODEL: GG 9920-0050-162

Pack size	2 Pack
Cable length	50 Feet

Product information

- 2 Pack 16/2 50FT Low Voltage Wire: Ideal for outdoor use in low voltage landscape lighting applications, such as the led and halogen pathway lights, spotlights, flood lights
- Easy to Install: The installation of this outdoor landscape cable does not require tools, is flexible and easy to strip
- Weatherproof Lighting Wire: Copper core, PVC jacket body, UV protected wire, installs in any outdoor conditions. This wire can be exposed to direct sunlight, as well as be buried underground
- Durable & Safe: This 50 feet 16/2 low voltage wire has 2 conductors, allow for easy splitting during installation
- Wide Application: Widely used for various low voltage products, as extension cables for single color LED strips, low voltage transformers and other low voltage lighting
- Please confirm the final model, configuration, availability and applicable documentation with our team before ordering.
