Material	Metal

Product information

Vibrant Light: The spotlight is equipped with a 5W MR16 LED bulb, delivering 400 Lumens of brightness to your outdoor space. The bright and efficient lighting it provides will light up your garden, patio or walkway with ease, creating a warm and inviting atmosphere for you and your guests to enjoy

Energy Efficient: The LED spotlight provides bright and effective lighting to your outdoor spaces while being energy efficient. With an output of 400 Lumens and using only 5 watts of power, it delivers high-quality illumination while keeping your energy consumption low. This spotlight is an ideal choice for those who want to save on energy costs and maintain a well-lit outdoor environment

Easy Installation: The inclusion of a metal stake and a connector further simplify the installation process, making it accessible for even those without prior experience in lighting setup. With this spotlight, you can easily illuminate your outdoor space in the way you want it, without any hassle

Durable: Constructed with corrosion-resistant metal materials, providing exceptional durability for long-lasting performance. Whether it's rain, snow, or intense sunlight, this spotlight is designed to provide reliable and consistent lighting

1 Year Warranty: With a one-year warranty, you can purchase this LED spotlight with confidence. Our commitment to quality and customer satisfaction ensures that you will receive a durable, reliable product that will provide long-lasting performance
