

600W Landscape Transformer with Timer & Photo Sensor

MODEL: GG9111-60001-01A

Power	600W
Output voltage	12V AC
Input voltage	120V AC

Product information

WIDELY APPLICABLE:

Landscape transformer for your low voltage lighting needs. Goodsmann low voltage transformer are compatible with 12V low voltage landscape lighting system and can be used with LED and halogen lights etc

6 VERSATILE MODES:

TIMER(timed on/off), AUTO(dusk-to-dawn), 4/6/8/10 (turn on at dusk and turn off /4/6/8/10 hours later), PHOTO ON/ TIMED OFF(turn on at dusk, turn off at set time), ON, OFF

EASY TO OPERATE:

Intuitive interface designed for easy use. There have 2 hanging holes on the back for hanging the transformer. There are 2 output terminal on the bottom of the back for connecting cables, and the wattage of each output port is 300W

Weatherproof:

Transformer features rustproof metal construction and it has a door on the front to protect the control panel from fade because of the sun, rain, dust, and other severe weather conditions

SAFELY:

The transformer will convert 120V AC household voltage to 12V AC safety voltage, built-in overload protector. Inspect contents of the box to ensure all parts are included and undamaged
