Product information

Our GOODSMANN metal stake overcomes the shortcomings that the plastic stake is the threads strip out and the light tilts. The 3/4 In -14 NPSM male threaded connection can hold tight keeping the light straight

The metal stake is quick and easy to install with a cleated foot design that fits snugly in the ground and enhanced the ability to grip the ground for keeping your light fixture in place

Light fixture wire feeds through a hole in the center of the stake, easy to screw in and quick and easy installation. Also provides convenience of relocation if fixtures need to be relocated

Durable and weather-resistant die cast aluminum landscape stake ensures long life. Black finish landscape accessory compatible with various styles light fixture

Fit a wide range of low-voltage landscape lights sold at GOODSMANN or other brands, the inner diameter of 3/4 in and 7.24 inches in length

Please confirm the final model, configuration, availability and applicable documentation with our team before ordering.
