

1.5W Low Voltage Path Lights - 6PK

MODEL: GG9125-13501-06A

120 LUMENS
1 . 5 W A T T

Power	1.5W
Voltage	12V
Light output	120 Lumens
Color temperature	3000K
Pack size	6PK
Material	Aluminum

Product information

BRIGHT AND INVITING ILLUMINATION: This 1.5W G4 LED bulb path lights offers a brightness of 120 lumens with a warm 3000K color temperature, providing just the right amount of light to create an inviting atmosphere. The balanced lighting makes it a reliable choice for illuminating paths, walkways, and other outdoor areas

ELEGANT AND BEAUTIFUL: The path lights features a powder coated bronze finish on its anti-rust aluminum alloy die-cast body. The sleek and stylish appearance adds a touch of sophistication to any outdoor environment. The high-quality finish is both weather-resistant and long-lasting, ensuring that the light remains attractive and ensure that the lighting fixtures can continuously illuminate in various adverse weather conditions

ENERGY SAVING AND EFFICIENT: Looking for an energy-efficient and cost-effective solution for your outdoor lighting needs? Look no further than 12VAC low voltage road lights! These lights are designed to provide bright and consistent illumination, while using minimal energy to do so. The low voltage system reduces energy consumption and operating

costs, making it a smart choice for those looking to save money on their electricity bills

EASE OF INSTALLATION: No tools or special equipment are required to install this road light. Simply connect the quick wire connectors to the electrical wire and insert metal stakes into the ground to fix the light in a position you are satisfied with, making installation quick and hassle-free

WIDELY USED: The reliable solution for your outdoor lighting needs. Whether you need to light up your driveway, garden path, or even a small road, this lamp has got you covered. Its broad range of applications makes it an ideal choice for all your outdoor lighting needs
