

4W Low Voltage Path Lights - 6PK

MODEL: GG9121-21531-06A

Power	4W
Voltage	12V AC
Light output	80 Lumen
Color temperature	3000K
Pack size	6PK
Material	Metal

Product information

Low Voltage Path Lights: These landscape path lights feature 4W LED with 3000K warm white and 80 lumen brightness, providing a warm and inviting ambiance to any outdoor space. These 12V AC path lights offer an efficient and reliable lighting solution for illuminating pathways, driveways, gardens, and other outdoor areas. These GOODSMANN low voltage pathway lights will enhance the landscaping design in your yards

Sleek Looking Modern Design: The design of the head is simple, clean yet modern and well thought out. In addition to their attractive and functional design, these low voltage pathway lights are also attached with cable connectors that make installation a breeze. Simply connect the lights to your low voltage wiring system and you're ready to go. These pathway lights are durable, weather resistant, will offer a nice glow to your outdoor landscape

With Cable Connectors Metal Stakes: These GOODSMANN led landscape pathway lights come with the screw-on cable connectors. They are so much easier to hook up to the cable, and taking them off is of course easy as well if you

need to replace or move one. The sturdy metal stakes provide a secure and stable foundation for the landscape lights, preventing them from tipping over or shifting out of place

All Metal Construction: Our led pathway lights own the all metal construction that ensure durability and longevity. These pathway lights are durable, weather resistant, will offer a nice glow to your outdoor landscape. Featuring durable metal construction and with replaceable metal stakes, these lights are built to withstand the bad weather

Work with Low Voltage Transformers: These 4W LED low voltage landscape lights work with any low voltage transformers(not included), making them a versatile and flexible choice for your landscape lighting needs. Illuminate your walkway, highlight your garden, or add some ambiance to your outdoor living area with ease. With the help of a low voltage transformer, these path lights can be easily controlled and adjusted to meet the specific lighting needs of your outdoor space
