

300W 12V/15V Landscape Transformer with Load Indicator

MODEL: GG9113-30012-01A

Power	300W
Output voltage	12V / 15V AC
Input voltage	120V AC

Product information

FULL 300W CAPACITY: This 300W low voltage transformer is a versatile and powerful product designed to convert standard 120V AC to 12V AC and 15V AC outputs, making it ideal for various low voltage applications. With a robust capacity to handle a full 300W load, this transformer ensures reliable performance for your landscape lighting and other low voltage landscape products

WITH LOAD INDICATOR: You will love the load indicator. Incredibly helpful when setting up your system. It's useful to know how close you are to the 300 watt full capacity, and if you can add more low voltage landscape lights and lighting cables to the lighting system. This 300W landscape transformer has a full capacity of 300W, is plenty of extra power for your future additions

TIMER FUNCTION & BUILT IN PHOTO SENSOR: The astro on/off mode allows your landscape lights to turn on at sunset and off at sunrise depending on your location. This allows you to keep the your low voltage transformer inside and out of the bad weather. This 300W landscape light transformer is also built-in a photo sensor, if the transformer is installed outside, you will use the auto mode, the lights will turn on at dusk turn off at dawn

COMPATIBLE WITH ALL LOW VOLTAGE LANDSCAPE LIGHTS: These GOODSMANN 300W low voltage transformers are compatible with all low voltage landscape lighting systems, including the 12V AC pathway lights, spotlights, step lights and pond lights. As this 300 watt landscape transformer comes with auto/astro on timer relay function, your landscape lighting will turn on at dusk, turn off 1-10 hours later basing on your choices

EASY TO OPERATE -- Intuitive interface designed for easy use. The output terminal on the bottom the for connecting cables and there are two hanging holes on the back for installing transformers

Please confirm the final model, configuration, availability and applicable documentation with our team before ordering.
