Product information

8PK Low Voltage Path Lights: Enhance the beauty and safety of your outdoor spaces with our GOODSMANN led landscape pathway lighting, available in convenient 4PK and 8PK sets. These lights are designed to provide a subtle, inviting glow to pathways, gardens, driveways, and landscapes, all while adding a touch of elegance with their sleek black finish. These pathway lights low voltage are with 3W led, providing a bright 60-lumen output with a soft 2700K warm white light

Simple Installation: These landscape lighting set comes with cable connectors and metal stakes. Each led path light comes with cable connectors that make connecting your lights to the transformer or extending your lighting setup a breeze. The sturdy metal stakes ensure a secure installation, allowing you to place each light exactly where you want it in your garden or along your pathway

All Metal Construction: The black finish of the lights is both sleek and weather-resistant, ensuring long-lasting durability against the elements. Built to withstand rain, wind, and sun exposure, these path lights are a reliable solution for year-round outdoor lighting. With their sturdy metal construction and low voltage design, these landscape path lights are built to withstand all seasons

Work With Low Voltage Transformers: These 3W LED low voltage landscape lights work with any low voltage transformers(Not Included), making them a versatile and flexible choice for your landscape lighting needs. With the help of a low voltage transformer, these pathway lights can be easily controlled and adjusted to meet the specific lighting needs of your outdoor space

With Replaceable LED Bulbs: One of the standout features of these low voltage path lights is with the replaceable 3W LED bulbs. You can simply replace the bulbs without having to replace the entire landscape lights. The reliable solution for your outdoor lighting needs. Whether you need to light up your tree, building, or even a small road, this set is a reliable choice for your outdoor lighting needs
