Product information

For GOODSMANN Low Voltage String Lights: This pack includes 6PCS LED bulbs specifically designed to work with GOODSMANN low voltage string lights, ensuring a seamless and reliable lighting experience. Perfect for enhancing your outdoor lighting system with ease

12V AC LED Bulbs: You will love that you can place them wherever you want. Each bulb consumes just 2W of power but delivers a bright 135 lumens, providing efficient, energy-saving illumination. Ideal for illuminating paths, gardens, patios, or other outdoor areas

Warm White Glow: Featuring a 2800K warm white color temperature, these bulbs emit a soft, inviting light that creates a cozy and welcoming atmosphere. Perfect for outdoor gatherings or adding ambiance to any outdoor space

Durable and Long-Lasting: Built to last, these LED bulbs are designed for outdoor durability and long-term use, making them resistant to weather conditions and wear. Their long lifespan reduces the need for frequent replacements, saving you time and money

Easy Installation: These bulbs come without cable connectors, providing versatility to work with various low voltage setups. Simply screw them into your existing Goodsmann low voltage string light fixtures, and enjoy reliable, long-lasting lighting
