MODEL: GG9101-29701-06A

Power	1W
Voltage	12V AC
Light output	100 Lumen
Color temperature	2700K

Product information

6PCS Low Voltage LED Bulbs: These 12V AC low voltage LED bulbs are designed specifically for use with low voltage landscape lighting systems (fixtures not included). They are ideal replacements for the bulbs in garden, pathway, and outdoor landscape lights

LED S14 with E12 Base: Equipped with a standard E12 screw base, these LED landscape light bulbs offer quick and secure installation into most low voltage outdoor fixtures. No special tools or adapters needed

Energy Efficient and Bright: Each bulb consumes only 1W of power while delivering 100 lumens of soft 2700K warm white light, providing ample illumination for outdoor areas without excess energy consumption

Long Lasting Performance: These low voltage 12V AC bulbs offer a long service life, reducing the frequency of replacements in hard-to-reach outdoor lighting fixtures. Ideal for consistent, low-maintenance lighting

Multipack Convenience: Each pack includes 6pcs of 1W LED bulbs, perfect for outfitting multiple fixtures at once. Whether you're upgrading your garden lights or replacing aging bulbs, this set provides a cost-effective and convenient solution
