

2.2 Watt Low Voltage Path Lights - 4PK

MODEL: GG9122-11102-04A

Power	2.2 Watt
Voltage	12V AC
Light output	30 Lumen
Pack size	4PK
Material	Metal

Product information

4PK Low Voltage Path Lights: These 4PK led low voltage path lights are designed to provide efficient and reliable lighting for your outdoor spaces. This low voltage path light includes a 2.2W LED bulb that produces 30 lumens of 3000K warm white light, offering a soft and comfortable glow for walkways, garden borders, flower beds, and other outdoor landscape areas

Metal Construction: These landscape path lights housing are made of metal, and the included metal stake provides added strength and stability during outdoor installation. This solid construction is well suited for pathways, lawns, gardens, and landscaped spaces

With Cable Connectors Metal Stakes: Installation is straightforward. Each light comes with a connector for easier integration with a compatible low voltage landscape lighting system. This practical design helps simplify installation and supports a clean, organized outdoor lighting layout

Work with Low Voltage Transformers: These landscape lights are designed to work with a compatible low voltage transformer (not included). These 12V AC pathway lights can be connected to compatible low voltage landscape lighting systems, making it suitable for new installations or additions to existing setup

With Replaceable LED Bulbs: One of the standout features of these low voltage path lights is with the replaceable LED bulbs. You can simply replace the bulbs without having to replace the entire landscape lights. The reliable solution for your outdoor lighting needs
