

Sunscene Company Profile

Outdoor expertise, from the inside out

Sunscene (Hangzhou) Tech., Ltd. develops and supplies landscape lighting, solar decorative lighting and outdoor living products. Our Terracemax brand brings together landscape lighting, solar decorative lights and outdoor furniture.

Manufacturing and development capabilities

Two specialized production bases and more than 200 employees support our operations. Dedicated aluminum die-casting and injection molding workshops, an in-house R&D department and a QC center support the process from product development to production and delivery.

Development milestones

2007: Our manufacturing base became a production partner for MALIBU, an OEM supplier of low-voltage lighting to The Home Depot in North America.

2015: We expanded into solar lighting and entered Costco's supply chain through importers.

2019: Our expertise expanded into outdoor furniture.

Since 2020: We have also supplied major Amazon sellers.

Working with Sunscene

Discuss product selection, sampling, model-specific requirements, branding, packaging and order planning with our team. Product availability, configurations and commercial terms are confirmed for each inquiry.
